PRESS QUOTES—SPAN OF TIME!

- n ***“There is an abstract painting by Marjorie Morrow that would give more lasting pleasure than many a work with a famous name behind it.”***
—*New York Times*, John Russell, Chief Art Critic, 1977 “Ten Downtown/Ten Years”, MoMA PS 1, Long Island City, NY
- n ***“...the paintings, though retaining recognizable references, are in essence abstractions, no longer renditions of a specific landscape or subject. They are about movement, rhythm, energy, tension. We are always reminded that the controlling force is the artist’s hand. She has created a unique personal calligraphy.”***
—Fatima Bercht, Independent Curator & Writer, NYC, *formerly Chief Curator, El Museo del Barrio*
- n ***“Marjorie Morrow’s brilliant, kinetic paintings are landscape EKGs.”***
